ADA Kidd, Who in the laboratory told you that I would testify in this case. This is the first I heard about it. This not the way the Laboratory proceeds on substitute chemist testimony. Please call me at 617 983-6629.

Charles Salemi

Hello Mr.. Salemi. This case is coming up for trial this **Monday, March 14 at the Fall River Superior Court**. I am the prosecutor. You have been summonsed to testify in place of Nicole Medina and Kate Corbett, who I have been told are out on maternity leave.

I just spoke w/ the Court Clerk and we have been ordered "First Case Out" Monday, so I will definitely need you. The case is a priority b/c it is 4 yrs. old. I intend to go before the judge on Thursday to ask permission for you to testify as a substitute for the others.

Toward that end, would you be able to do an affidavit as to what your testimony would be in order to assist the judge? I would use it Thursday at the hearing. In order to assist you I have attached a similar affidavit from another chemist, Nancy Brooks, that you could use as a guide if you wish.

Please respond as to any issues you have w/ coming down on Monday. Thank you.
